NIZAM UDDIN

Software Engineer | Java | Python | React | Git

Kolar, Karnataka | +91-7019706544 | nizampasha218@gmail.com

LinkedIn: linkedin.com/in/nizam-uddin-55404527b | GitHub: github.com/NizamUddin988 | Portfolio: nizamuddin313.vercel.app

PROFESSIONAL SUMMARY

Aspiring Software Engineer with hands-on experience in Java, Spring Boot, Python, ReactJs, SQL, MySQL, MongoDB, and RESTful APIs through internship and full-stack projects. Strong foundation in DSA, OOP, DBMS, API development, Authentication, Testing, Git, GitHub, and CI/CD**,** with experience in Agile development**,** debugging**,** and cloud deployment**.** Focused on building scalable, secure,and high-performance software solutions.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, SQL
Frontend: ReactJs, HTML5, CSS3, Bootstrap
Backend: SpringBoot, NodeJs, ExpressJs, RESTful APIs
Core CS: Database Concepts, Computer Networks, Operating Systems
Databases: MySQL, MongoDB
Testing & Automation: Postman, Python Scripting, API Testing
Tools: Git, GitHub
Cloud & Deployment: AWS, Render, Vercel, Netlify

EXPERIENCE

Full-Stack Developer Intern | Vstan4U Technologies — Bengaluru, Karnataka [02/2026 - 07/2026]

- Developed 10+ full-stack features using Java (SpringBoot) and React.js,building and consuming RESTful APIs for user authentication, data submission, and reporting, resulting in 30% faster feature delivery.
- Designed and optimized MySQL schemas and integrated MongoDB for document-based storage, improving query performance by 25% and reducing database response times.
- Automated backend workflows using Python scripts, reducing manual effort by 40% and saving 5+ hours per week.
- Collaborated within a 5-member Agile team, participating in 50+ code reviews and managing version control with Git and GitHub to deliver clean,maintainable code.

PROJECTS

House Rental Platform | Java, Spring Boot, MySQL, REST APIs, HTML, CSS, JavaScript GitHub

- Engineered a **f**ull-stack rental platform supporting property listings, search functionality, and complaint management.
- Designed and implemented 10+ RESTful APIs supporting CRUD operations using the MVC Architecture.
- Programmed role-based authentication and access control for 2 user roles (Landlord and Tenant)**,** securing application functionality.
- Hosted the application on Render with a MySQL cloud database, enabling reliable, production-ready deployment.

Portfolio Website | React.js, Redux, JavaScript, Bootstrap, React Router GitHub

- Launched a responsive portfolio using 10+ reusable React components with lazy loading for improved performance.
- Ensured cross-browser and mobile compatibility with a modern, 100% mobile-friendly UI**.**
- Integrated smooth navigation, project showcase section, and contact form using React Router.
- Published on Netlify with continuous deployment (CI/CD) linked to the GitHub repository, maintaining 15+ Git commits**.**

Informer AI Chatbot | HTML, CSS, JavaScript, Node.js, Express.js, REST APIs GitHub

- Connected 3+ third-party APIs to extend application functionality and automate data exchange.
- Improved application responsiveness by implementing optimized loading states, minimizing perceived API latency.
- Executed and consumed 15+ REST API endpoints for secure and efficient data communication.
- Created a responsive, 100% mobile-friendly **UI** delivering a consistent user experience across desktop and mobile devices.

EDUCATION

Bachelor of Engineering—Computer Science | Dr. T. Thimmaiah Institute of Technology (VTU) | CGPA**:** 8.5 | 2022 – 2026

12th: 93% | 10th: 84%

Coursework : Object-Oriented Programming (OOP), DBMS, Data Structures & Algorithms

ACHIEVEMENTS

- Solved 200+ DSA problems across HackerRank and other competitive coding platforms.
- Earned a 5-star Java rating and a 3-star Python rating on HackerRank.
- Developed and deployed 3 full-stack applications on cloud platforms including Render, Netlify, and Vercel.
- Maintained 7+ public GitHub repositories with comprehensive documentation and version control.

CERTIFICATIONS

- **Full-Stack Development** — Vstan4U Technologies
- **Java Completion Course** — Intellipaat
- **AI Completion Course** — Infosys
- J**ava Programming, React Specialization, Python Programming, JavaScript Programming, Problem Solving** — HackerRank
